

```
/home/ayush/RIOT/tests  
/lwip/bin/pkg/openmote  
-cc2538/lwip/src/include  
/netif/etharp.h
```

```
graph TD; A["/home/ayush/RIOT/tests  
/lwip/bin/pkg/openmote  
-cc2538/lwip/src/include  
/netif/etharp.h"] --> B["lwip/etharp.h"]; A --> C["netif/ethernet.h"];
```

The diagram illustrates a file resolution process. A top box contains a file path with a relative path. Two arrows point from this box to two separate bottom boxes, representing the two possible locations where the file might be found.

lwip/etharp.h

netif/ethernet.h
